**Brian Wood : DMZ Vol. 6: Blood in the Game** before purchasing it in order to gage whether or not it would be worth my time, and all praised DMZ Vol. 6: Blood in the Game:

0 of 0 people found the following review helpful. Five StarsBy StodyGreat story. Arrived on time and as described0 of 0 people found the following review helpful. Five StarsBy marcel esubigrat2 of 2 people found the following review helpful. An election in the DMZBy diogenesBrian Woods' DMZ is gaining momemntum as Matty Roth gets himself mired further into the political quagmire of the DMZ. New comer Parco Delgado upsets the apple cart of the tense

atmosphere and runs as chair of a provisionally elected government. His ambition is unfettered and his intentions are unclear but as always with this series, the reader is most definitely in for a great ride. One of the surprising twists I loved about this arc was a revelation about Roth's family and how that adjusts the equation on Manhattan. Matty is in way over his head and his status as a journalist is starting to become less clear and distinct. Another well written six issues by Brian Wood that gives the reader more than you'd expect. Buy it.

The world and characters of the DMZ -- a futuristic, war-torn Manhattan -- are expanded and enriched in this sixth volume of the acclaimed series as journalist Matty Roth. The United States has decided to resume reconciliation talks with the Free States, but a major new player in the Free States political world could destroy any hope of a unified state. Matty's relationships are strained to the breaking point when he decides to profile the revolutionary leader Delgado and sets in motion a series of events that will alter the course of the Free States forever.

From Booklist A ceasefire has been hammered out between the U.S. and the rebel Free States in the demilitarized zone of Manhattan, and the leading candidate in the election for head of the provisional government is charismatic revolutionary Parco Delgado, who has won the support of young journalist (and series protagonist) Matty Roth and brought in Matty's radical-chic mother to serve as his campaign advisor. The analogy to America's real-life military incursions events take place amid a security surge remains overt. Wood effectively advances his story of life in the titular DMZ, abetted as always by Burchielli's viscerally powerful artwork. --Gordon Flagg "One of the two best new comics about Iraq." "This book is a disturbing, challenging success." "Wood and Burchielli gut-wrenchingly portray the chaotic reality of life in a war zone." "The dramatic images recall the nightly news, and stories of warzone life ring true. Grade: A-." "Addictive and brutal... a perfect antidote to the flag-waving Fox News broadcasts of the War on Terror." "With a stark visual style that matches its narrative punch, this grim graphic novel...measures up to any summer blockbuster." "If residents of Manhattan often feel at odds with the rest of the country, the comic book series DMZ magnifies that anxiety with its radical premise."
