StewartIf you love Dezuniga and Buscema art you will love this collection just for that. Doug Moench gave a touch of Bond to his original Doc adventures and really had fun with the Monk/Ham rivalry. My favorite version of Doc published in graphic form, by far. Dynamite has published this beautifully in hardback and good paper. (Not like the DC newsprint one that cost \$20.) Grab a drink, sit in your easy chair and enjoy some of the best comic adventures ever produced. Thank you Dynamite Publishing. I have been waiting for this one! (Check out these splash pages for issue 2 and 4!)6 of 6 people found the following review helpful. very happy with itBy PaulaFabulous edition

of the old marvel black and white magazine. The reproduction is fabulous and it includes original articles about the Doc Savage movie, and letters pages. This is a deluxe treatment, very happy with it. Now if only Savage Sword of Conan, or may Bizarre Adventures would get the same treatment, please?4 of 4 people found the following review helpful.
