Devin Grayson : Doctor Strange: The Fate of Dreams before purchasing it in order to gage whether or not it would be worth my time, and all praised Doctor Strange: The Fate of Dreams:

7 of 8 people found the following review helpful. Wonderful Dr Strange story.By MiimI'm enjoying this immensely. I didn't have very high expectations at first because I simply didn't know what to expect from a comic-based novel, but I was pleasantly surprised by the high quality of this book. Not only is the writing style very enjoyable, but the author clearly did her research and is quite knowledgeable in the character. Nothing is perfect of course, but it's for the most part excellent. (I'm not yet done reading it, so I'll update my review if the ending jumps the shark, but so far it's been a great experience, and I strongly recommend it.)0 of 0 people found the following review helpful. Slow but Faithful Dr. Strange StoryBy MatthewTo be fair, this book was entirely faithful to the character of Dr. Strange. However, it did suffer from a slow plot development which at times made it difficult to completely immerse one's self into the story. The element of the plot which as the title suggests orbits the realm of the Dream dimension may have contributed to

the occasional drowsy advancement of the story line. You can tell that the author has invested time in learning and understanding the history of the character and enjoys writing about the many nuances and quirks that compromise Dr. Stephen Strange. It was an enjoyable read and I look forward for more prose centered around this protagonist. 0 of 0 people found the following review helpful. Five Stars By Gloria L. Orr Excellent book, a must read.

The world is falling apart. Violent crime is surging while the global economy craters. Doctor Stephen Strange, the Sorcerer Supreme, has defeated demonic hordes, battled evil wizards and tirelessly defended our realm against invading interdimensional armies. But when a dangerous dream begins inspiring normal people to act out their darkest ambitions, even Doctor Strange is pushed to his very limits. Working alongside his longtime nemesis, Nightmare, the Sorcerer Supreme must delve into the nightmares, delusions and desires of an entire planet. To save the Dream Realms, he'll have to give up some illusions of his own - including his heroism. And in the fallout, what dreams will haunt the Sorcerer Supreme?
