**Jason Aaron : Doctor Strange Vol. 1: The Way of the Weird** before purchasing it in order to gage whether or not it would be worth my time, and all praised Doctor Strange Vol. 1: The Way of the Weird:

3 of 3 people found the following review helpful. Dr. Strange done wellBy Dan CDr. Strange is one of Marvel 's most famous and most interesting characters. But he has rarely been well-written. Most writers throw him in as a powerful yet "mysterious" good guy but leave the character completely uninteresting or shoehorn him into lackluster storylines.

But Jason Aaron does a great job of bringing a fresh and interesting take on the character while spinning a fun story that actually seems to mean something. 0 of 0 people found the following review helpful. A good reintroduction By C. D. Varn Jason Aaron's Dr. Strange is witty, and fascinating, but the episodic nature of the book makes it hard to let the storyline shine. Furthermore, Aaron's Strange seems more witty and even a bit glib in light of what he is dealing with. Chris Bachalo's art is weird, bright, strange, but can make one feel a bit overly busy. The colors are nice though as is the inking, and the story line is a good introduction to the character. 0 of 0 people found the following review helpful. If you like Doctor Strange or not, this book will make you a fan! By Brent Michell I purchased this trade on a whim and it immediately became a favorite. I wasn't a big fan of Doctor Strange in the comics universe, but Jason Aaron has breathed new life into this Marvel staple. His take on Doctor Strange not only sets him apart from ALL other Marvel heroes and villains, but makes him integral to the Marvel Universe. The world within the world he has made is amazing, and Chris Bachalo's art fits this fantastical setting perfectly. I highly recommend every Marvel fan to pick this trade up. If you like Doctor Strange or not, this book will make you a fan!

Who do you call when things are coming out of your dreams and trying to kill you? Or when your daughter is cursing in Latin and walking like a spider? Or when your dog keeps screaming at you to strangle your neighbors? Doctor Strange, of course. He's the only person standing between us and the forces of darkness, but has he been paying his tab? Every act of magic has a cost and Jason Aaron (THOR, ORIGINAL SIN) and Chris Bachalo (UNCANNY X-MEN) are going to put Stephen Strange through hell to even the scales. COLLECTING: DOCTOR STRANGE 1-5
