**Jason Aaron : Doctor Strange Vol. 3: Blood in the Aether** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doctor Strange Vol. 3: Blood in the Aether:

0 of 0 people found the following review helpful. What a strange gauntlet we run By Ian McKee This picks up right after the last days of magic arc, with magic in the Marvel universe almost completely gone. That demands a different approach by Doctor Strange, which takes the form of the doctor using weapons like bars and knives so read of his usual

magic hands. This coupled with the gauntlet of his rogues gallery coming for him in this weakened state, forms the backbone of this volume. It was all entertaining in its way, but the never ending March of villain appearances never gave me the time to understand them in any real way. Satanna and the orb got this particularly bad, as the orb is just there for some extended joke lines about how weird he is, and Satanna is seemingly there just to be a hot lady with cleavage. Still, it does a nice job setting up the new status quo of the Marvel magical sphere, with a much greater reliance on magical instruments instead of the usual spells. 3 of 3 people found the following review helpful. I like the story but sometimes is hard to keep up ...By Customer Aaron has been writing Doctor Strange with quite a bit of comedy. I like the story but sometimes is hard to keep up with what's being drawn. Still a very fun comic! 0 of 0 people found the following review helpful. I BELIEVE IN MAGIC! By Bobby Nash Jason Aaron and Chris Bachalo have taken Doctor Strange in interesting new directions and, as a long-time Doctor Strange fan, I'm loving every minute of it. Highly recommended.

"Last Days of Magic" aftermath! How did Stephen Strange become the Sorcerer Supreme? And how has he lost it all? COLLECTING: DOCTOR STRANGE 11-16
