A nice collector's item.By kr1126I would like to note that this is 12 STORIES, not 12 books. It's a collection of short stories. As a matter of fact, all 12 stories combine to a grand total of 592 pages. That said, I think it's neat having a collection of small stories, and the postcards are fantastic! I haven't read all the stories yet, so I can't comment on how good or bad they are, but I think, if you're a Doctor Who fan this is definitely worth the money. The stories are good ones to share with children, as well as read yourself. I intend to share them with my students (5th grade).6 of 6 people found the following review helpful. Great but characters could be more developedBy NoanatorVery good collection with many twists and turns. However, they really don't explain the companions well, and are not very developed. They're just there. You would have to be a

hardcore Doctor Who fan and watch a few classics to understand the characters more. Great stories. However I would probably only read them once or twice.

A gorgeous, highly collectible gift edition of 12 Doctors, 12 Stories, featuring 12 beautifully designed mini paperbacks and 12 exclusive postcards in a TARDIS slipcase. Twelve amazing adventures for the 12 Doctors written by 12 of the most exciting authors living in our galaxy today, including two Children's Laureates, Eoin Colfer and Malorie Blackman, and Michael Scott, Marcus Sedgwick, Philip Reeve, Patrick Ness, Richelle Mead, Alex Scarrow, Charlie Higson, Derek Landy, and Neil Gaiman, plus an adventure of the Twelfth Doctor by best-selling author Holly Black.
