Nick Abadzis : Doctor Who: The Tenth Doctor Volume 1- Revolutions of Terror before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doctor Who: The Tenth Doctor Volume 1- Revolutions of Terror:

6 of 6 people found the following review helpful. then you won't be disappointed by this book By JC JIM. Allons-y, Dr. Who fans. If you are a fan of the 10th doctor, then you won't be disappointed by this book. The author does a wonderful job and capturing Tennant's essence. It truly feels as if you were watching an episode of the show as

perform by David Tennant. The artist was a revelation to me, she is flipping amazing, the panels are great, the characters look beautiful. Seriously if you like Dr. Who this is one series you cannot miss. 1 of 1 people found the following review helpful. A Fantastic Doctor Who Read! By MoeI wasn't quite sure if I was going to like this series or not, but when I got this book I was super impressed. For one thing the price is fantastic (for a hardcover? Amazing). The artwork was high quality (I haven't been incredibly impressed by past Doctor Who artwork... it's up and down usually). The story grabs your attention and even though it features a completely new companion, she's very likeable and you quickly grow attached as though you're watching the show itself. All around, this book was a great fun read and I can't wait for Volume 2. :) 0 of 0 people found the following review helpful. LOVEBY KLLove this series!

ALL-NEW ADVENTURES WITH THE TENTH DOCTOR! Two strangers: the Doctor, charming, eccentric Time Lord with a past as dark and heavy as a black hole; Gabriella Gonzalez, waitress and wannabe artist with a future dragging her down like lead chains. Hurlled together by a wave of psychic horror haunting New York, they embark on an epic new adventure across time and space, brought to life by award-winning writer Nick Abadzis (Laika) and fan-favourite artist Elena Casagrande (Suicide Risk)! Collects Doctor Who: The Tenth Doctor #1-5.

From School Library Journal Gr 7 Up The Doctor returns for two new adventures in time and space in these graphic novels featuring the 10th and 11th incarnations of everybody's favorite time-traveling alien. In *Revolutions of Terror*, Gabriella Gonzalez dreams of a life outside the family business and a break from the yoke of her father's relentless work ethic. When strange things start happening around her neighborhood and an even stranger pinstripe-wearing man shows up at her family diner, Gabby soon finds herself running for her life and fighting to save the world. After Life introduces Alice, a young woman struggling to keep a roof over her head and her hopes alive. After a chance encounter with a bow-tied stranger, Alice finds herself hunting for a rainbow dog, facing down aliens, and traveling the galaxy in a familiar blue box. Readers new to Doctor Who will appreciate the stand-alone feel of these two titles; neither book requires significant knowledge of the series to be enjoyed. Different artists and authors give each volume a slightly unique look and feel, with illustrations ranging from caricature to realism. Both Alice and Gabby slip into the role of companion nicely, and the manic energy of the 10th and 11th Doctors are captured well by the artists, though David Tennant is depicted more effectively than Matt Smith. **VERDICT** For libraries that have a large Doctor Who following, these two volumes will be excellent and popular additions to the stacks. Clair Segal, LREI, New York City Nick Abadzis does a great job of capturing David Tennant and the general feel of his episodes. - Fandom Post "this comic has captured the show perfectly" - Nerds "a fun read" - The Geekiary "A first class introduction to the comic book adventures of Gallifrey's finest" - Kasterborous Calling "Expert job of artistically channeling David Tennant and iconic elements from the show" - The Pullbox Great Doctor Adventure - Entertainment Buddha "This is an entertaining work of art." - Sci-Fi Online "The art is very dynamic and beautiful to look at!" - Pixelated Geek Captures the fun of The Tenth Doctors adventures." - Comics Blend A lot of fun! - Comic Book Resources "Fully embracing the spirit of the series, all Whovians will find themselves shouting Allons-y!" - Newsarama "Its an atmospheric story, with rich characterization." - Comics Worth Reading 10 out of 10! - Project Fandom Top marks for the artwork." - Sci-Fi Mafia "For fans of the TV show this is a must buy, especially if you miss David Tennant's portrayal." - Panels And Pixels "The artwork is superb." - Comic Book Therapy Would make a great addition to any comic library, not just a Whovians!" - Geeky Girl Project "Nick Abadzis' dialogue for the Doctor is fantastic." - Den Of Geek The art work is wonderful!" - Cult Den The adventures of the Tenth Doctor live on! - Examiner Absolutely blown away by the artwork." - Pop Cults "The artwork is stunning." - Geek Syndicate Hits all the right notes" - How To Love Comics Perfectly captures the spirit of Doctor Who!" - Kabooooom!
