Nick Abadzis : Doctor Who: The Tenth Doctor Volume 3 - The Fountains of Forever before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doctor Who: The Tenth Doctor Volume 3 - The Fountains of Forever:

5 of 5 people found the following review helpful. Excellent By JosieI absolutely loved this Tenth Doctor adventure. They captured his personality perfectly, there were plenty of one liners, and the story was immensely engrossing and

creative. The artwork was fantastic as well--the artist consistently made Ten look like himself, and there was a wide range of facial expressions, as well as excellently captured body language. I have volumes 1, 2, and 3 from this series, and this one is by far my favorite of the lot. 0 of 1 people found the following review helpful. Great for Dr. Who fans!
