**Various : Dragon Age: The World of Thedas Volume 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dragon Age: The World of Thedas Volume 2:

8 of 9 people found the following review helpful. Whereas Volume 1 gave great insight into the background and history of religionsBy Pavel BassWhereas Volume 1 gave great insight into the background and history of religions, races, and other aspects of the Dragon Age world, Volume 2 mostly rehashes the events of the games so far. It's much larger than the first volume, but don't expect to have as many "Aha" moments while reading it.I was able to read the entirety of Volume 1 without it losing my attention. I can't say the same about Volume 2, but it's still one of the best produced lore guides I've ever seen.0 of 0 people found the following review helpful. An amazing trove of lore, characters, and storiesBy Courtney NorrisWhile I enjoyed Vol. 1 of "The World of Thedas," volume 2 was absolutely amazing. There's so much lore packed into the one book and I couldn't put it down once I picked it up. The writers explain some of the stories, tales, and historical figures mentioned throughout the Dragon Age universe, including

characters from the novels, and even gives a full background on the Chantry and the Andrastian religion that has become a big part of the DA games/books. If you're even remotely interested in reading up on the lore of Dragon Age, I would definitely pay for this! It's full of interesting tidbits and is definitely helpful if you haven't read all of the novels, giving insight to some of the going ons of the universe outside of the games, including characters referenced in *The Last Flight*, *The Masked Empire*, and *The Calling*. 1 of 1 people found the following review helpful. Great buy for fans of the Dragon Age series. By Christin Curl Dimapasoc. Several Dragon Age fans in our home, so it was a great purchase for us. The artwork is lovely and the copious amount (and variety of!) information just adds to the feeling of immersion into the world and history of Thedas. Of course, I wanted even \*more\* details about my favorite characters - but there was SO much already incorporated from character back-stories, history, lore and legend. Good hardcover binding that looks like it will hold up to many readings. Looking forward to the next volume!

BioWare's newest game *Dragon Age: Inquisition* will expand the universe of their epic series in profound ways. This comprehensive book of lore features exclusive art and information, exploring every corner of this dark fantasy masterpiece! Newcomers will appreciate how this volume covers everything they need to know about the world and characters of these smash-hit games! Dedicated fans will revel in the abundance of never-before-revealed secrets, the perfect companion to *Dragon Age: The World of Thedas Volume 1*! From heroes to villains, to songs and food, and everything in between, this book puts the breath and depth of this inimitable fantasy at your fingertips.

About the Author BioWare is a Canadian video game developer founded in February 1995 by newly graduated medical doctors Ray Muzyka, Greg Zeschuk, and Augustine Yip. BioWare is currently owned by American company Electronic Arts. The company specializes in role-playing video games, and became famous for launching highly praised and successful licensed franchises, *Baldur's Gate*, *Neverwinter Nights*, and *Star Wars: Knights of the Old Republic*. They proceeded to make several other successful games based on original IP: *Jade Empire*, the *Mass Effect* series, and the *Dragon Age* series. In 2011, BioWare launched their first MMORPG, *Star Wars: The Old Republic*. The author lives in Alberta, Canada.
