David Gaider : Dragon Age Vol. 1: The Silent Grove before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dragon Age Vol. 1: The Silent Grove:

0 of 0 people found the following review helpful. Love! By Megan I love these! The art is great and it focuses on some of my favorite characters! Love having these on my bookshelf. 0 of 0 people found the following review helpful. Interesting By Red It's an interesting intermezzo of what happens between the games. The art isn't too bad either with the characters actually being recognisable as the ones from the games which is a thing (sadly) rarely to be found

when it comes to fandom based graphic novels. EA, when sanctioning the story line, was taking an unprecedented stand by putting Alistair firmly on the throne as player choices could have seen him sacrifice himself at the end of Dragon Age: Origins or being exiled and wandering Thedas as a drunk. I like the fact that there's no mention to his marital status, however, as this is again tied to player choices in the game. The set up of the story is certainly interesting and I'm looking forward to reading the continuations. 0 of 0 people found the following review helpful.

BEST TRIO EVER!!! By Cassandra Young I love Varric and Isabela from DA2 more than I think I liked Hawke. And Alistair is always my favorite romance choice in the first game. So when I saw they came out with a comic featuring all three, I made sure I snapped it up. I was not disappointed. The story is told from Alistair's point of view as he searches for his missing father, the famous King Maric the Savior. Becoming the king of Fereldan seems to have sobered him up from his more jocular self, leaving all the funny to the dwarf and the pirate. That's perfect for me, though; they're more than enough. All in all, the only thing on my mind after I finished this was: "Good Lord I need the second one!"

Dragon Age: The Silent Grove is the perfect introduction to BioWare's dark fantasy universe! In this essential, canonical story from David Gaider, lead writer of the games, King Alistair, accompanied only by rogues Isabela and Varric, embarks on a quest deep inside the borders of Antivaa nation of assassins! Together, they will encounter a prison break, dragons, the mysterious Witch of the Wilds, and one of the greatest secrets in the history of the world!*

Story by David Gaider, lead writer of the Dragon Age games and novels! * Collecting Dragon Age #1#6!
