Brendan McCarthy : Dream Gang before purchasing it in order to gage whether or not it would be worth my time, and all praised Dream Gang:

0 of 0 people found the following review helpful. Four starsBy miknwilkesSince Brendan McCarthy is in the movie making business, I would like to see this adapted into a film. Yes, the story is not profound or groundbreaking, but it is truly some surreal, trippy, and colorful art. A very interesting inner dream world that I would like to see explored more.0 of 0 people found the following review helpful. A psychedelic dreamscapeBy Phillip SchultzDisclaimer: I

received a free copy of this book via Goodreads Giveaways in exchange for an honest review. The entire story takes place within the dream world of a young man. He is recruited by a group to stop a being that is trying to become real and break out of the dream world. There are parts of this book that are just weird, which would be okay except it is just hand waived away because of the setting. Part of the storytelling tries to bring the reader into the world. It falls flat in this regard because there is too much telling. I'm glad I stuck with it though. Once things are set and we learn more about the main character, it gets a lot more interesting. There is some insight into his past, and the way the color is used ties into that really well. The art takes advantage of the setting. Pretty much anything could show up there. I like some of the off the wall images that are used. There was probably a temptation to go overboard in this regard, but it doesn't drift off too far. 0 of 0 people found the following review helpful. Surrealistic Brilliance! By R. Gordon
Brendan McCarthy is a mad genius and this is yet another of his masterpieces!

To stop a psychic plague-bomb that threatens to render humanity catatonic and the Dreamfields barren, the last Dream Voyager awakens! When the evil Zeirio commandeers a powerful Dreamship and goes on a rampage throughout the collective mindscape, it's up to a group of psychic travelers known as the Dream Gang to stop him. Written, drawn, and colored by Brendan McCarthy, the co-writer/designer of the motion picture *Mad Max: Fury Road*, artist and co-creator of *The Best of Milligan and McCarthy*, contributor to *Dark Horse Presents* and *2000 AD*, and writer/artist of DC Comics' *Solo* and Marvel's *Spider-Man: Fever!* There's a war on for your mind and it's a nightmare-in Brendan McCarthy's astonishing new graphic novel *Dream Gang*. "A fever dream of a tale that is gorgeous in its roughness and, like real dreams, leaves the reader guessing as to what the next step is in the story being told." -Comic Book Resources

About the Author
Brendan McCarthy is one of the UK's most gifted graphic novelists. His ground-breaking comics of the early 80s (*Strange Days*, *Skin*, *Rogan Gosh*) as part of 'The British Invasion' paved the way for comics' increasing popularity in Hollywood. He was also one of the pioneers of computer animation, creating the visuals for the 90's computer animated TV series *ReBoot*, the first long-form digital narrative that preceded Pixar and Dreamworks' later successes. He has spent more than 20 years working in Hollywood, and is the co-writer and a designer on *Mad Max Fury Road*. More recently, Brendan has created new graphic novels including *Spider-Man Fever* (for Marvel), *Solo* (for DC Comics) and *Swimini Purpose*, *The Zaucer of Zilk*, and *Dream Gang* for independent US publishers. A best-selling retrospective collection of his classic comic book work was released last year, *The Best of Milligan McCarthy*. The author lives in Ennis, Ireland, UK.
