**Dave Johnson : Drink And Draw Volume 1 (v. 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Drink And Draw Volume 1 (v. 1):

2 of 2 people found the following review helpful. Alcohol + Art = AwesomeBy AmyDrink and Draw Social Club is the brilliantly simple notion of taking a bunch of very funny, talented cartoonists and seeing what copious amounts of alcohol does to their talents. The answer is, sickeningly, apparently nothing.This book is amazing, packed with wild, crazy funny stuff ranging from sexy ladiez to aliens to cowboys to inner demons to suppressed childhood memories.Accompanied by hysterically-funny commentary, the core trio of DDSC make you wish they were your best friends. The drawings are inspirational and will have any budding artist reaching for another beermat.2 of 4 people found the following review helpful. drink and draw makes me drink and draw!By oprahwow what an amazing group of artists and so talented! if you don't have this on your coffee table your missing out!

Drink and Draw Social Club Volume 1 contains the scribbles and scratchings of a large group of artists done strictly at pubs and taverns across the country. The pints and pencil shavings make for some "good times" as they do their best to "keep it real!" Dave Johnson, Dan Panosian and Jeff Johnson have spread to over 1,600 members with splinter groups popping up everywhere. Just recently they were filmed as part of the upcoming MySpace film documentary.
