good as the actual novels, this is a great accompaniment to them. It's nice to be able to them. I liked seeing the words 'come to life' in graphic form. 0 of 0 people found the following review helpful. Puts the amazing journey of Drizzt into perspective with drawings. Amazing price too! By JdLove the Drizzt series! Finally seeing it with pictures is amazing and puts it into perspective. The second book within the trilogy is crudely drawn compared to the first and third, but I still enjoyed it.

The legend continues! Popular DD character and renegade dark elf Drizzt Do'Urden traverses the Forgotten Realms in this comic adaptation of The Icewind Dale Trilogy! Adapted from the popular novels by R.A. Salvatore, Dungeons Dragons: Forgotten Realms - Legends of Drizzt Omnibus Volume 2 delivers three graphic novels: The Crystal Shard, Streams of Silver, and The Halfling's Gemin. One great book! Discover the secrets of Faern with Drizzt and his friends: the barbarian Wulfgar; the dwarf Bruenor and his adopted daughter, Catti-brie; the trouble-making halfling Regis; and the ever-loyal panther, Guenhwyvar. Along the way, they'll face possessed wizards, dimensions of demons, the implacable assassin Artemis Entreri, and, of course, dungeons and dragons, on the adventure of a lifetime.

About the Author Robert Anthony Salvatore, who writes under the name R. A. Salvatore, is an American author best known for The Demon Wars Saga, his Forgotten Realms novels, for which he created the popular character Drizzt Do'Urden, and Vector Prime, the first novel in the Star Wars: The New Jedi Order series. He has sold more than 15 million copies of his books in the United States alone and twenty-two of his titles have been New York Times best-sellers. Robert Salvatore was born in Leominster, Massachusetts, the youngest of a family of seven. A graduate of Leominster High School, Salvatore has credited his high school English teacher with being instrumental in his development as a writer. During his time at Fitchburg State College, he became interested in fantasy after reading J. R. R. Tolkien's The Lord of the Rings, given to him as a Christmas gift. He developed an interest in fantasy and other literature, promptly changing his major from computer science to journalism. He earned a Bachelor of Science Degree in Communications/Media from Fitchburg. He earned this degree in 1981 and later a Bachelor of Arts in English. Before taking up writing full-time, he worked as a bouncer, an experience to which he attributes his fierce and vividly described battle scenes. In the fall of 1997, his letters, manuscripts, and other professional papers were donated to the R.A. Salvatore Library at his alma mater, Fitchburg State University in Fitchburg, Massachusetts.
