great story in comic book style was a really nice alternative to what I had in my head from just the read. The characters and underdark for the most part appeared as I pictured, except for the drow women, which looked a lot hotter than the ugly versions I had in my head. Reading it on my kindle fire was a bit of a drag as the text is a little small for my older eyes, but it was fine on the iPad. I would definitely recommend this for any fan of the Drizzt novels. It's concise and hits all the major points. Can't wait to read the next couple. Hopefully they will continue making these through all of the Drizzt novels as I really enjoyed it. 0 of 0 people found the following review helpful. Adapting the endearing, fan-favorite series by R.A. Salvatore, beginning with Book 1 of the Dark Elf Trilogy, "Homeland." Travel back to strange and exotic Menzoberranzan, the vast city of the drow and homeland to Icewind Dale hero Drizzt Do'Urden. The young prince of a royal house, Drizzt grows to maturity in the vile world of his dark kin. Possessing honor beyond the scope of his unprincipled society, young Drizzt faces an inevitable dilemma. Can he live in a world that rejects integrity?

About the Author Robert Anthony Salvatore, who writes under the name R. A. Salvatore, is an American author best known for The Demon Wars Saga, his Forgotten Realms novels, for which he created the popular character Drizzt Do'Urden, and Vector Prime, the first novel in the Star Wars: The New Jedi Order series. He has sold more than 15 million copies of his books in the United States alone and twenty-two of his titles have been New York Times best-sellers. Robert Salvatore was born in Leominster, Massachusetts, the youngest of a family of seven. A graduate of Leominster High School, Salvatore has credited his high school English teacher with being instrumental in his development as a writer. During his time at Fitchburg State College, he became interested in fantasy after reading J. R. R. Tolkien's The Lord of the Rings, given to him as a Christmas gift. He developed an interest in fantasy and other literature, promptly changing his major from computer science to journalism. He earned a Bachelor of Science Degree in Communications/Media from Fitchburg. He earned this degree in 1981 and later a Bachelor of Arts in English. Before taking up writing full-time, he worked as a bouncer, an experience to which he attributes his fierce and vividly described battle scenes. In the fall of 1997, his letters, manuscripts, and other professional papers were donated to the R.A. Salvatore Library at his alma mater, Fitchburg State University in Fitchburg, Massachusetts.
