For the first time since their planet was destroyed, the citizens of Earth-2 finally see a path forward. But for some Wonders, its not enough. Not when theres a chance to bring back what theyve all lost: Earth itself. Fury, the daughter of Wonder Woman, has arrived with an Amazonian artifact called the Pandora Casket, which possesses the power to recreate the Earth that theyve lost or destroy the new one that theyre creating. But the choice of whether or not to use the Pandora Casket might not lie with the Wonders. The Ultra-Humanite wants to create the world in his own image, and hes engineered an army to take the artifact for him. These super-powered Humanites are strong enough to take on the Wonders. Legendary writer Dan Abnett (AQUAMAN, TITANS) and artists including Angel Hernandez (Star Trek/Green Lantern) and Federico Dallocchio (SUICIDE SQUAD) bring massive changes to Earth-2 and the Wonders. Collects EARTH 2: SOCIETY #13-16 and EARTH 2: SOCIETY ANNUAL #1.

PRAISE FOR EARTH 2: SOCIETY VOL. 1 "There's a lot of room in which to build here, and Wilson's strong characterization makes for a promising start." --IGN "Jimenez gives this book an edgy, angular, sci-fi influenced look that helps distinguish the Earth 2 setting in a way it never has before in the New 52." --IGN About the Author Dan Abnett lives and works in Maidstone, Kent. After graduating from Oxford, he worked for a while as an editor of comics and children's books before turning to writing full time. In the dozen or so years since then, he has written for such a diverse range of characters--including Scooby Doo, Thunderbirds, Conan the Barbarian, The X-Men, Johnny Bravo, Batman, Rupert the Bear, Dr Who, Mr. Men, The Terminator and Postman Pat--that he is now clinically bewildered. He created the popular series Sinister Dexter, which he continues to write, along with other strips, for 2000 A.D., and has helped rejuvenate RESURRECTION MAN for DC Comics.
