Cathy Malkasian : Eartha before purchasing it in order to gauge whether or not it would be worth my time, and all praised Eartha:

2 of 2 people found the following review helpful. EARTHA! BEST GRAPHIC NOVEL OF THE YEAR! By Chubb E. Coker Eartha is Cathy Malkasian's fourth and imo BEST graphic novel so far. The drawings are so visually stunning that I found myself falling into the peaceful world of Echo Fjord and the chaotic City of Lost Dreams in an almost dreamlike trance. That is until (spoiler alert!) the nightmare of a falling Moon woke me up. Malkasian tells us an eerily familiar and timely story with darkly engaging twists and turns. You'll have to read it to get what I mean. BUT Eartha is more hopeful than horrific and my thirst for a story that has meaning and wisdom was thoroughly quenched. My advice? Stop instagramming, tweeting, and texting, long enough to read this book. Oh! I almost forgot -- there's Sex and Violence. Enjoy!

In this wry graphic novel, dreams take bodily form on an island; when they stop coming, Eartha travels to the City Across the Sea, where the dreamers are from, to find out why. Malkasian's stunning landscapes and depictions of nature, gestural character nuance, and sophisticated storytelling are on display in her latest graphic novel. For a thousand years, the unfinished dreamsex fantasies, murder plots, wishful thinking from the City Across the Sea came to Echo Fjord to find sanctuary. Emerging from the soil, they took bodily form and wandered the land, gently guided by the fjord folk. But recently they've stopped coming, and Eartha wants solve the mystery. Without thought or hesitation the city isn't on any map, or in anyone's memory she ventures into the limitless waters, hoping to find the City. Two color illustrations throughout.

About the Author Cathy Malkasian is an animation director and cartoonist. Her credits include Rugrats, The Wild

Thornberrys film (for which she received a British Academy Award nomination), and most recently, over 20 episodes of Curious George for PBS since 2008.
