**Jonathan Hickman : East of West: The Apocalypse Year Two** before purchasing it in order to gage whether or not it would be worth my time, and all praised East of West: The Apocalypse Year Two:

8 of 8 people found the following review helpful. As Expected, Perfect. By Chauncey At last, Year Two has arrived. This second installment is every bit as creative and original as the first. I hesitate to even hint at spoilers (even though most of you have read all the trades), so I won't discuss the content of the book other than to say it is positively perfect. Jonathan Hickman has continued the story of the apocalypse in a logical, yet unpredictable way. This is definitely an edition to have on your shelf. Also, I would certainly recommend reading the first volume before moving on to this

one. Although this is a great story, even standing alone, it is much better enjoyed after having read the first book in the series. Finally, sells this for \$20 less than MSRP, so this is definitely the place to get it. Unless of course you want to support your local comic shop; there's no shame in that. 0 of 0 people found the following review helpful. Amazing story and quality  
By Austin  
If you're buying this book, you're more than likely caught up on the story. Let. Me. Tell. You. It only gets better. Year 2 has a much greater emphasis on Babylon's arc, which makes for an exciting and engaging read. I can not stress the value of this book enough. There are just so many beautiful pages, filled with articulate, meaningful dialogues. If you love East of West, add this to your collection and support some great comic makers. 0 of 0 people found the following review helpful. Still Going Strong  
By Yusuf Kudsii  
I loved the art and the story, the book still going strong if you still didn't start with East of West what are you waiting for ?

The oversized prestige collection of the Second Year of The Apocalypse. Collects EAST OF WEST #16-29.
