This would be fun to use in teaching kids how to work some magic in the kitchen. Have already found a couple of recipes I will be making in the next couple of days!2 of 2 people found the following review helpful. YEAH!!!!!!!!!!!!By KimberlyI love this little cookbook - mainly for the adorable drawings, but the recipes are simple and easy, too. My only negative was that my book came with a stain on it that permeated a few pages.I'm not one to make much of a fuss about these things, but I could see why another buyer would be upset. I would have liked a pristine copy, but this will do. Meh!10 of 11 people found the following review helpful. it's damn cute, but there's page issuesBy KirstenI see I'm not the only one with page issues, thankfully mine is just one page. Still kinda disappointed about the page because I'm weird about imperfections like this..
