Kate Leth : Edward Scissorhands Volume 1: Parts Unknown before purchasing it in order to gage whether or not it would be worth my time, and all praised Edward Scissorhands Volume 1: Parts Unknown:

0 of 0 people found the following review helpful. Touching.By Yessenia PerezEver since I saw the movie when I was younger, I always wondered what would happen if there was a sequel. This was a pleasant surprise. The artwork is beautiful and I really enjoyed the story. Thank you.0 of 0 people found the following review helpful. the shipping was great but the book was decent ish i mean pretty ...By WoodNymphothe shipping was great but the book was decent ish

i mean pretty chill wish it was a bit darker idk but i hope volume 2 the story picks up more this one only had one story arc and i kind a liked it idk0 of 1 people found the following review helpful. An Acquired TasteBy GrrrrInteresting concept, ruined (at least for me) by the annoying artwork of Drew Rausch. The art looks like it was done by a grade schooler with crayons. Half the time it's hard to figure out what's going on in the panels. I can't recommend it, even at a discount price.

An all-new adventure revisiting Edward Scissorhands' two decades after the end of the fan-favorite movie! In a castle just outside a sleepy suburban town, a brilliant inventor created Edward Scissorhands...but left him tragically unfinished. Two generations of exile have left Edward digging through abandoned experiments, but once he wakes up a creature left buried, he discovers he isn't the only one missing a vital piece. As Edward tries to fix a grave mistake, he comes face-to-face with a teenage girl who was sure he was only myth... despite the stories her grandmother told her about the man she could never touch.
