It is original, the artwork is top-notch (a must for depicting hybrid human-large animals (not just Elephants), but unmistakably human in thought and spirit. One slight fault - the elephantmen seem to shrink a bit when they have to squeeze into cars (even large ones) etc. Why aren't these taken up as movies? Great storyline, but start from volume

Collecting Man and Elephantman (including the sold-out one-shot and the highly sought after issue by Bulletproof Coffin's Shaky Kane) and The Killing Season, Elephantmen Volume 5 is packed with extras, including art by J. Scott Campbell and the shocking "strip" from last year's Liberty Annual by Starkings and Kane. Collects Man and Elephantman and Elephantmen #31-33 and #36-39.
