Youka Nitta : Embracing Love (2-in-1), Vol. 1: Includes vols. 1 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Embracing Love (2-in-1), Vol. 1: Includes vols. 1 2:

3 of 3 people found the following review helpful. Love it, almost perfect but...By Hannial truly love this story, I read it since the beginning back in 2005 and I felt in love with it, The art is amazing and the story is really passionate. This new edition is very good and the fact that you get two volumes in one is very convenient too. The book is thick but not too much. the only complain that I find is that the cover of each chapter is not included in the book, what you get instead is a blank page with just the title of the chapter and it's such a shame because they are really beautiful. I wish the publisher would reconsider this for the second volume, but anyway I'm so in love with this series that I'll buy it no

matter what. I also hope they publish the complete series up to volume 14 since it's already finished! 10 of 11 people found the following review helpful. Perfect edition! By AdrienVI came to this title some time ago and I hesitated to read it for a list of reasons. I did not fall in love with it right away, but I remember the exact moment that I did and the exact reason why: it is a tale of imperfections and the desire to rise above. Since that first reading, I've read it at least a dozen times. I've read fan translations on manga reading sites and I've read the original Be-Beautiful publication. This one blows them all out of the water. To current fans of the series: this edition is not entirely perfect, I confess, but as close to it as I think it is possible to come. Splash pages are missing, as are extra stories and author's notes, but it is the most complete story I have seen. There are pages included that were omitted in the Be-Beautiful edition and whole chapters that are missing in scanlations. More than the format and layout, the translation is outstanding. The characters feel more real than ever before, the plot makes much more sense, the flow is outstanding. If you're on the fence about new editions (as many of us often are, usually for very good reasons), rest assured that this one is as beautiful as the original manga was intended to be. To yaoi fans who have not yet indulged: read this. I like a lot of fluffy nonsense, stupid and funny stories, but Embracing Love (or Haru wo Daiteita) is meaningful. Nitta-sensei truly respects not just the male character, but also the female character, and the gender-queer, as well. The story spans years, it is a tale of living and growing and changing. There is a fair amount of sex, to be certain, but it is hardly a pornographic work. This is truly erotica (albeit explicit), but it is a love story first and foremost. The artwork is unique, definitely nothing I've seen before or since, it is in Nitta-sensei's own style and it is beautiful. To gay men who avoid yaoi because it is full of stereotypes and absurdly girly boys: you are not alone. This is a story that transcends the typical banality of male homosexuals as portrayed by women. The characters worry, they have conundrums, they worry about themselves and their portrayal in the larger world, but it is most definitely not always in a juvenile way. This is a story about adults who live adult lives in an adult world and who are faced with adult problems and screw up just like the rest of the adult world. I won't lie: there's a definite element of "no freaking way." For the most part, things don't work out that way in reality. That's true. That's part of the reason why we read stories. Where most yaoi has an excess of lovey-dovey and most bara has a deficit of it, Embracing Love is one of the few stories to find a happy medium. It's sweet, not saccharine. SuBLime manga has once again put out a quality product. Enjoy it. 1 of 1 people found the following review helpful. Complete Series, FINALLY! By TL Stearns I started reading this series several years ago, back when the English translated manga was being released by volumes. I got to volume 4 when the last volume was yanked due to the unfortunate cover controversy a *total* B.S. situation that was completely overblown and unfair to the incredibly talented Nitta-san. Anyway, here is the whole series, conveniently packaged in one e-book, and it looks as lovely as ever. I love the 2 main characters, neither of whom are the least bit girly. I wish there was more to look forward to for Iwaki-San and Katou-kun, but even if this is all, it's still better than most series I've read. They're beautiful and as delicious as eating honey off Brad Pitt's abs.

Iwaki Kyousuke and Katou Yoji are two hugely popular adult film stars looking for a way out of the industry. Their chance arrives when they're both invited to audition for a new erotic film. Imagine their surprise when the director decides the only way for him to choose who will get the coveted lead role is for them to perform one of the film's love scenes on the spot with each other! Things get even crazier when Katou decides to take drastic measures to ensure he can continue seeing Iwaki after film production wraps. How will Iwaki respond to Katou's impulsive act? Reads R to L (Japanese Style) for mature audiences.

About the Author Youka Nitta made her publishing debut with GROUPIE in 1995 and since then has become one of the most prolific and popular boys love creators worldwide. Her most well-known series, Embracing Love, has been adapted into both a drama CD as well as an anime series. Born March 8th in Fukui Prefecture, she's a Pisces with a B blood type. Her hobbies include walking and going to the theater. To find out more about Youka Nitta, visit her English-language website at <http://nittayouka.com>.
