Adam Warren : Empowered, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Empowered, Vol. 1:

1 of 1 people found the following review helpful. ROTFLMAOBy Royland Odell OwensAdam Warren books have always been fascinating to me. I really took notice of hi work after he became writer of Wildstorm's Gen 13 book. He had a way of taking all pop culture references and turning thm on their heads and that is what he does with the superhero genre with his creator owned Empowered.Super heroine Empowered's suprsuit gives her limitless power but that power diminishes every time the suit is damaged. She spends most of her time tied up but her adventures are till fun.I don't recommend Empowered for children because of subject matter2 of 2 people found the following review helpful. sooo funnyBy A. J. McKeeI have to say, I had my doubts about this being anything more than an American

manga knock off, but no, it was worth the time and the money. And while the artwork isn't what I expected, it was perfectly good, and excellent at conveying the humor of each comic chapter. The subject matter is mature, if not adult, and more than a few people will identify with the emotional insecurities of the characters. We've all felt something like that at least once. The self doubt of the titular heroine is straight out of high school, and the foibles of all the characters are well written and tongue in cheek. I especially like the puns made only visually of the "Super Homies". And I really love the DVD addicted, never seen demon held captive on the coffee table. I finished the first book and immediately pre ordered the second. Get it, you won't be sorry. 1 of 1 people found the following review helpful. It's different, wonderful and charmingly funny By Jonathan Muniz Not only did this purchase come in perfect condition, but I am grateful to have it as a part of my collection when I feared it wouldn't be possible. The series itself is refreshing to read and the bonus content only adds to the book.

Not only is costumed crimefighter "Empowered" saddled with a less-than-ideal superhero name, but she wears a skintight and cruelly revealing "supersuit" that only magnifies her body-image insecurities. Worse yet, the suit's unreliable powers are prone to failure, repeatedly leaving her in appallingly distressing situations... and giving her a shameful reputation as the lamest "cape" in the masks-and-tights business. Nonetheless, she pluckily braves the ordeals of her bottom-rung superheroic life with the help of her "thugalicious" boyfriend (and former Witless Minion) and her hard-drinking ninja girlfriend, not to mention the supervillainous advice from the caged alien demonlord watching DVDs from atop her coffee table . . . From Adam Warren-writer/artist of the English-language Dirty Pair comics (the original "Original English-Language Manga" before OEL was cool), and writer of Livewires, Gen13, and Iron Man: Hypervelocity-comes Empowered, a butt-kicking, bootylicious superhero lampoon that raises the bar for long-john lust and low-brow laughs. Remove all previous notions of superhero entertainment from your puny mind... and prepare to be Empowered! * Adam Warren's work on The Dirty Pair is well-known to U.S. comics readers.* Warren's skill as a writer has brought him a variety of high-profile assignments in recent years from Wildstorm, DC, and Marvel. For Mature Readers.
