John Ostrander, Welles Hartley : Endgame (Star Wars: Clone Wars, Vol. 9) before purchasing it in order to gage whether or not it would be worth my time, and all praised Endgame (Star Wars: Clone Wars, Vol. 9):

I bought it just for Purge, the rest is great tooBy TJMGThis book contains issues 79-83 of the "Star Wars: Republic" comic series (which contain two separate stories) and the "Star Wars: Purge" one-shot, which (along with its three sequels) are only available at ridiculous prices on this very website. Each of these stories have to do with Episode III in some way: the "Republic" issues take place both during and very

shortly after the aforementioned movie while "Purge" takes place about a month after that. All of these stories have a nice quality in that they are very self-contained, especially "Purge". The other two stories do require a little bit of background on who these characters are, though not so much as to be completely confused as to who these characters are and what's happening. The script for all of these stories, two of which are by John Ostrander, are really good and feel natural. The characters all feel like they're organic, even a little real. The art for all of the stories are also really good and fit the tone of the story (sorry for using this word so much) that they're featured in. Overall, I give this book 5 out of 5 stars. Note: all of the "Purge" stories have now been gathered into a single trade paperback collection. 0 of 0 people found the following review helpful. One of my favorite Star Wars series. By ikeng The Clone Wars series is one of my favorite in Star Wars. I would also recommend the Dark Times series, which happens right after the Clone Wars. 0 of 0 people found the following review helpful. Four Stars By Rachel S. Worth the purchase. Written before the cartoon series, so told for a slightly different perspective.

Witness the untold stories of the Jedi who took a last stand against Emperor Palpatine in the moments during, and immediately after, the events in *Revenge of the Sith*! Watch Darth Vader undertake a Jedi "purge" of his own in the hunt for Obi-Wan Kenobi! In the jungles of the Wookiee homeworld Kashyyyk, Quinlan Vos wages a battle of impossible odds against his own troops to protect his loved ones. On the icy Outer Rim world of Toola, Jedi Master Kai Huddora takes a terrified Padawan into his charge after her own master falls to Order 66. Amidst the forests of New Plymto, Das Jennir finds himself in league with a band of rebels he'd led attacks against only days before. Not all Jedi are scattered across the galaxy however, and soon, a brave few will plot to topple Sith rule by setting a trap for the newly unveiled Darth Vader!
