Christopher Sebela : Escape From New York Vol. 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Escape From New York Vol. 3:

After somehow escaping the madhouse that is post-war Florida, Snake Plissken faces the gauntlet of Siberia, where he faces both old enemies, and new soldiers looking to make a name by themselves by taking down a legend. After bringing the John Carpenter classic Big trouble in Little China to comics, the response has been so strong that we

knew we had to bring another Carpenter classic to comics in a style and approach that does *Escape From New York* justice. Eisner-nominated writer Christopher Sebela (*HIGH CRIMES, DEAD LETTERS*) and artist Diego Barreto (*IRREDEEMABLE*) bring a action-packed adventure that rocks for both long-time Snake fans and newcomers.
