**Archie Goodwin, Al Williamson : Escape to Hoth (Star Wars)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Escape to Hoth (Star Wars):

1 of 1 people found the following review helpful. Cool comic for anyone who enjoys the Star Wars RPG, Empire Strikes Back, or all things Hoth :) By TomHunter1968OK, I'm a sucker for anything Hoth-related. In fact, I'd say if I collect anything related to Star Wars specifically, it's anything to do with Hoth, the battle, the forces (including, and especially, the Rebellion's special forces). This comic isn't related in any way to the Star Wars RPG, but I've used this

book to add some background and texture to adventures I've run based on Hoth. Definitely worth picking up a copy.0 of 0 people found the following review helpful. ... a Star Wars fan than this will be a fun nostalgic readBy erinmcpatIf you are a Star Wars fan than this will be a fun nostalgic read. If you are casual fan than you might not find it to your liking. The art and the feel of the book is great.1 of 1 people found the following review helpful. beautifulBy Mosesal williamson is the best star war artist, han solo looks like harrison ford, luke sykywalker looks like mark hamill and darth vader is brilliant. anybody that gives this book less than 4 stars is blind. archie goodwin is excellent as well (at writing the strip) i can't say enough about the illustration for this book and it's predessors. the art really draws u in deep into the story and the writing, hans, luke, darth and the gang, sound in character. a really lovely and beautiful book

After the initial euphoria of the Rebel Alliance's first major success -- the destruction of the dreaded Imperial battle station known as the Death Star -- the Empire began to rally. It had been staggered, but not destroyed. Even Darth Vader still lived. And he sought to avenge himself upon the still-ragtag forces of the Rebel Alliance. This is the story of how Luke, Leia, Han, Chewbacca, and the droids graduated from the triumphal reception at the conclusion of Star Wars: A New Hope to their new lives as hardbitten guerrillas fighting against the tyrannies of a still-dangerous Empire in The Empire Strikes Back.

.com This is the final volume of reformatted newspaper comic strips from 1981-1984 describing Luke, Han, and Leia's adventures during the time between the end of Star Wars, the movie, and the beginning of The Empire Strikes Back. Their previous rebel base has been destroyed and our heroes must escape an Imperial blockade on the world of the Mon Calimari in order to establish a new base on the ice planet of Hoth. Al Williamson, best known for his work on Weird Fantasy and Flash Gordon, provided the lavish artwork.
