Maggie deals with the past and Hopey moves into the future in the latest complete Love and Rockets book. As Jaime and Gilbert Hernandez continue to delight readers new and old with the continuing adventures of their characters in the annual Love and Rockets: New Stories, Fantagraphics continues to collect their earlier stories in these fat, handy, and inexpensive collections. In this batch of Locas stories by Jaime Hernandez from the pages of Love and Rockets Volume II (picking up where 2010s Penny Century collection left off), an older and wiser Maggie faces down her old

demons and the Ghost of Hoppers in a full-length graphic novel (which also introduces one of Jaimes greatest recent characters, Vivian the Frogmouth, the near-psychotic bombshell). Meanwhile, the ever-feisty but maturing Hopey (her Spanish birth name giving this collection its title) transitions from tending bar to teaching kindergarten (while still juggling a complex love life), and the final quarter of the book shows Maggies lovable ex Ray Dominguez being dragged into the aftermath of a grisly murder thanks to his falling for the Frogmouth. 248 pages of black-and-white comics

...[I]f theres one thing Jaimes Locas stories in general, and this volume in particular, tell us, its that sometimes you have to be a grownup for a long time before you grow up. Its worth the work, and the wait. - Sean T. Collins, The Comics Journal
I dont really understand why the material of Love and Rockets isnt widely regarded as one of the finest pieces of fiction of the last 35 years. Because it is. - Neal Gaiman
