From Marvel Kids : Essential Sgt. Fury - Volume 1 (Essential (Marvel Comics)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Essential Sgt. Fury - Volume 1 (Essential (Marvel Comics)):

1 of 1 people found the following review helpful. Top notch war comic based on WWII. I caught ...By ThonzaTop notch war comic based on WWII. I caught the tail end of this series just after this volume ends. Nick Fury's rise to Shield starts here! You can't go wrong with this one! C'mon Marvel, at least finish the drill with the rest of Nick and

the Howlin' Commandos' adventures in the essential series before you call it a day!10 of 10 people found the following review helpful. Stan Lee's best workBy Ronald A. Petrocco Jr.This is my favorite Essential - and I have read many of them. Clearly a labor of love for Stan, Jack, and Dick Ayers. Everything these men do best was absolutely perfect for a World War 2 comic that was trying to be fun and lively with just enough realism to be taken seriously. I couldn't put this down. A highlight is the characterization of the Howlers. Each of them is stirringly wrought, including the Captain. Very different from another war comic I could name, where the only character who really stands out is the Sergeant, with all the others expendable. Buy this.0 of 0 people found the following review helpful. Love Sgt. Fury and the Howling Commandos; Only wish this was in color and on better paper stockBy Charles Foster KaneSgt. Fury was my childhood hero. I loved him and his band of American soldiers drawn from ethnic archetypes that were not familiar to me as an 8 year old. My only complaints about this volume is that the black and white drawings are a bit hard to read for my middle aged eyes. I wish the book was printed in color; I would have paid for that and I wish the paper was better stock as this appears to be printed on pulp type paper. But I still love Sgt. Fuy and his Howling Commandos. And this little volume has many original Sgt. Fury episodes that make for satisfying and nostalgic reading.

Stand at attention, soldier, and get ready for a super-size K-ration of the adventures of Sgt. Nick Fury and his Howling Commandos! Join Fury and his Howlers - with special guest-appearances by Captain America and Bucky! - as they battle Baron Strucker and his Ratzi hordes, bringing the action all the way to Hitler himself! This tank-size tome brings you such a heaping serving of WWII adventures that enough to whet even Dum Dum Dugan's appetite! WA-HOOO! Collecting SGT. FURY #1-23 and ANNUAL #1.
