Jones Bartlett Learning -- the publishers -- usually do a good job -- and they did again. The text was clear, concise, offered many great examples. I highly recommend it.1 of 1 people found the following review helpful. The text is dry but it gets to the point ...By JulieThe text is dry but it gets to the point. There are thought provoking questions for review at the end. However, it does not offer enough specific

examples for applying marketing principles that are covered in the text to the healthcare industry. Not a keeper.0 of 0 people found the following review helpful. perfect!By Will ClarkeAs expected, perfect!

In this text your students will receive a complete curriculum of marketing management tools and techniques. Filled with examples from a wide array of health care providers, health systems, HMOs, physician-hospital organizations, and more, Essentials of Health Care Marketing covers market research, strategy, and the strategic marketing process. Each chapter is complete with objectives, study questions, and charts.
