Draven This book to me, is perfect for a comic book. It covers what an every day human would probably be going through, (especially a plus size one), of trying to figure out, am I good enough, am I doing what I should be doing, etc, etc. I feel like Faith really hits that with her trying to find her spot in the world of both "normal" and superhero lives. I really do enjoy this series immensely and suggest it for both female and male readers. (Though I do think females will relate more to Faith because of her mannerisms, thoughts etc)

BECAUSE YOU DEMANDED IT THE HIGH-FLYING HERO THAT CAPTURED THE IMAGINATION OF THE WORLD IS BACK WITH A COLOSSAL NEW COMICS MILESTONE! In a city under siege by robots, aliens, monsters, and even worse... celebrities, there is only one woman the people of Los Angeles can count on: the stratospheric superhero called Faith! Aspiring reporter by day and dedicated crime-fighter by night, Faith has tackled every obstacle in her path with confidence like those crushing deadlines at work, the long-distance boyfriend half a world away, and the missing back issues that plague her comics collection! But, unbeknownst to her, Faith is about to collide with the one force she never saw coming: an up-and-coming super-villain bent on snuffing her out once and for all! But who is lurking behind the mask of her new foe and could they just be the one person capable of rendering Faith powerless? Faith's headline-grabbing adventures continue here as breakout writer Jody Houser (Orphan Black) and sensational artists Pere Prez (ARCHER ARMSTRONG) and Marguerite Sauvage (DC Comics Bombshells) deliver the next high-flying chapter to the all-new ongoing series read round the world! Collecting FAITH (ONGOING SERIES) #14.
