It goes through the stages of grief in a very mature way. Definitely reccomend this for any Marvel fan!1 of 1 people found the following review helpful. Fantastic read!By S. PenroseNot sure why I hadn't read this earlier. After reading it, I definitely wish I had. This is a great collection full of top-notch creators playing with fantastic characters all dealing with the death of a legend. It affects them all differently and its

impressive. The Marvel Civil War would have been better ended with these stories. Solid comic book story-telling from cover to cover.

Where were you when you heard that Captain America died? You were probably shocked, most likely thinking, "How could they? How could this happen to Cap?" And for a moment, perhaps you thought about all the ways the super-soldier meant something to you. *Fallen Son* follows the reaction of the legendary hero's best friends and closest comrades as they struggle to work through the stages of grief stirred by the loss of their ally. Wolverine. The Avengers. Hawkeye. Spider-Man. Iron Man. All have their own sense of loss, their own levels of grieving.
