Alexandro Jodorowsky : Final Incal before purchasing it in order to gage whether or not it would be worth my time, and all praised Final Incal:

3 of 3 people found the following review helpful. Four StarsBy Customera great finale to the Incal series. This is a direct continuation of The Incal, and Before Incal. both of the said book are like a prequel to it. so read those 2 before you read or pick this one up. the order to read is of the publishing:1: the Incal2: before the Incal3: the Final Incal.where the incal can be read as a stand alone. Before Incal and the Final Incal have to be read together. In order to understand what is happening.3 of 3 people found the following review helpful. Decent readBy J-DubsThis was a very enjoyable final installment to the epic sci fi series The Incal. As usual the artwork is beautiful and the storyline is strange but I didnt find it quite as good as Before The Incal or The Incal but consider it required reading if you are a fan of the other installments.0 of 0 people found the following review helpful. The Incal is like your brain, if your

brain were a fried egg. By John Fenton Good read. The end, like all the entries in the Incal series makes up for an overly spiritual third act.

Lowly class R detective John Difoole and his faithful companion, Deepo, are unwillingly hurled into yet another universe-saving mission, as their world is faced with the threat of an all-devouring metallic virus. Visionary storyteller Jodorowsky returns to the epic mythology he created with the late Mbius in the early 80s. For the conclusion of the legendary spiritual space adventure series, he partners with Eisner-winning artist Ladrunn.
