By Pinto15I don't think there are many readers out there who need a review to tell them how great this series (and Asami x Akihito for that matter) is. So, this review is for the publisher SuBLime's first English translation of the Finder series. That's what the 5 stars are for. The translation is so much better than anything you've read online and greatly improves on what was previously offered. The dialog is more modern, Akihito sounds a lot more what fans have "heard" in their heads. His dialog reflects his age, his street smarts and his attitude to get that scoop at any cost. The illustrations have been

cleaned up and look gorgeous and the plot has been expanded on by Sensei and makes more sense. Of course she added extra sm*t for her beloved fans. I can't really cite examples on 1 read through, but Asami and Akihito's relationship seems more fleshed out and emotional. You get the feeling their relationship has progressed and that by this volume they BOTH want to be together. *Spoilers* Sensei has written extra into the ending of this arc that gives it a better resolution; only a few panels, but very satisfying. You get 2 extra side stories (very hot) and beautiful color pages of Asami and Akihito. I even enjoyed Sensei's comments at the end. I'm really looking forward to what SuBLime will do with the other volumes. Don't hesitate to purchase this edition and their future Finder volumes. And if you're new to this series get ready for the all-time hottest couple in Yaoi. I envy you becoming acquainted with this classic series with this fresh and finally realistic dialog. Bravo SuBLime...5 stars!!! 3 of 3 people found the following review helpful. Great with bonuses. By MJ Of course this doesn't need a review based on the story. I bought it to support the mangaka because I would love to see a Volume 9 by the end of the year or early next year. Please buy to support your favorite mangakas! Btw, the poster it comes with isn't really detachable from the manga and you risk ripping it from what I saw so I rather keep it in there but it's a nice little poster. This also comes with more pages than the chapters that are stolen and scanned online. So that's a nice bonus to those who buy it. The story is getting interesting at this point and I want to see Asami's other side that Takaba seems hell bent on finding out. They are much closer than the start of the series. Its sweet. 2 of 2 people found the following review helpful. First time reading this kindle version By ryane The translation is wayyy smoother. I can understand perfectly now. And sensei's art is even more beautiful if that's even possible. The storyline is pretty solid and some additional scenes tie things in wonderfully. Love the humor too and Asami's interaction with Akihito is everything fans needed. Hopefully, you will always be in good health sensei. Can't wait for volume 9. Thank you.

Pain and pleasure collide when a sophisticated underworld boss crosses paths with a naive photographer hell-bent on bringing him down! Photographer Takaba Akihito takes on a risky assignment trying to document the illegal activities of the Japanese underworld. When he captures its leader the handsome, enigmatic Asami Ryuichi in the crosshairs of his viewfinder, Takaba's world is changed forever. After Asami's subordinate Sudo betrays him, Akihito attempts to chase Sudo down, only to wind up captured and at his mercy. Sudo's fixation on Asami has only grown stronger with time, to the point of wanting him dead. But Sudo isn't the only threat: another enemy appears on the horizon, gunning for the power Asami wields!
