Phil Hester : Firebreather: Growing Pains, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Firebreather: Growing Pains, Vol. 1:

2 of 2 people found the following review helpful. This is a fantastic read for younger readers By Josh Matheny I never watched the TV Show, unlike most reviewers who came here AFTER watching the show. This is a fantastic read for younger readers. Much like the Blue Beetle from DC, or younger versions of Spiderman from Marvel... this is a teenager doing his best to fit in and be himself at the same time. He comes to terms with his two drastically different

parents and who he is. It's a breath of fresh air, honestly. It feels really good to read, and I suggest anyone out there pick this up immediately. 0 of 0 people found the following review helpful. A lot of fun. By Miss Kitty. If you've seen the movie on CN then you really should check out the comics. This series is fun and exciting. It's a great read and a good addition to your comic book collection. 0 of 0 people found the following review helpful. Great new read. By Chongo. I'm surprised no one else has written a review for this cool new comic book. Phil Hester and Andy Kuhn have caught lightning in a bottle with this great new character that's sure to cause a stir sooner or later. FireBreather is pure fun, definitive, recommended if you like comics like Invincible, Savage Dragon, Hellboy, Ultimate Spider-man, or anime's like Devilman Guyver. This new edition is a plus because it contains "The Iron Saint" one shot and a sketch book section while the first printing did not. Worth a look.

Divorce is tough for any teenager, but when your mother is a typical suburban soccer mom and your dad is a 300-foot-tall, city-trampling, battleship-devouring monster, things get even tougher. This is Duncan Rosenblatt's reality. His mom wants him to get into a good college, his dad wants him to go into the family business: namely, conquering the earth and ascending to his rightful place as king of all monsters. Featuring lots of extras, behind-the-scenes artwork by series co-creator Andy Kuhn and a pin-up gallery by many of today's finest funnybook talents, including Erik Larsen, Mike Wieringo, Keith Giffen, Derec Aucoin, Joey Mason, and Phil Hester and De Parks.
