Although it's hard to get into at first because of the taboo age gap; this manga continues to make me smile and look past that taboo. The mangaka really does make Kanade a character that is easy to get attached to. He's so young and his dialogue fits his age group. It's hilarious! Just like a child, he's honest and says what he thinks without a filter. It's

refreshing and should definitely be read! Don't let this age gap turn you away.0 of 0 people found the following review helpful.
