**From Nobrow Press : Forming II** before purchasing it in order to gage whether or not it would be worth my time, and all praised Forming II:

Forming is just about the funniest, trippiest and entertaining graphic novel I have ever read and I have almost every good adult GN on the planet. It hurt me bad when I reached the end. I literally can not wait for the next book. Thank you Mr. Moynihan! BUY THIS BOOK NOW! 3 of 3 people found the following review helpful. guess what it's really good that's why i gave it 5 stars By Godzukii read Forming I like two years ago and i was like "dang i can't wait for the second one! i estimate that it will be really, really awesome." and i just read Forming II and it was exactly as good as i thought. not worse, not better. i was spot on man if you're looking at the cover and you're like "that looks

killer" go ahead and buy it. im telling you. it is killer.2 of 2 people found the following review helpful. One badass book!By J. ClymerA continuation of Jesse Moynihan's Forming comic, Volume 2 is just as wonderful as the first volume. Having the same dimensions as the first book they look lovely together on a shelf. It features a beautiful foil embossing on the front, a cloth binding cover, and the same vibrant quality printing on the pages...this is a must have for anyone who is a fan of his work.As for the comic, you can check it out on his website, it's just rad as hell. Do it, go read it now, seriously...go do it!

Praise for Jesse Moynihan's Forming:"One of the most hilarious and amazing bookshelf features I've ever had the pleasure of reading."It's Nice ThatCivilization, but not quite as we know it, has started to take shape. And now, in the continuing chaos, the world and most of its inhabitants have brandished their swords and, in various fashions, have charged onto the battlefield.If Forming hailed the birth of civilization and mapped out the genesis of life, mass, time, and space, then Forming II is the raging war that ensues in the Universe's years of adolescence.Epic confrontations between gods and mutants, philosophical reflections, hilarious dialogue, and powerful artwork make for an impressive sequel of galactic proportions. Forming II is as funny, sophisticated, and mind-blowingly beautiful as the first part of Jesse Moynihan's unique trilogy.Jesse Moynihan is a long-time native of West Philadelphia's music/art scene. His previous comics include the Xeric Award-winning comic The Backwards Folding Mirror and Follow Me. He is currently part of the creative team behind cult Cartoon Network show Adventure Time, where he creates storyboards and assists with character design.

"In Moynihans own work as a comic writer and artist, his vision is let loose. [...] The result is a deeply affecting, funny, and human story. [...] There appears to be something at stake here, and sometimes it feels as if we are reading Moynihans own spiritual hopes and confusions."#8212BoingBoing"These books are a big crazy Jodorowsky-style reinterpretation of Bible tales and mythology mixed in with lots of funny swearing and pretty colors. Jesse Moynihan is well known for making the more cerebral and weird Adventure Time stories. If you saw that and thought "I need more" then here is that "more" you wanted." -Vice""At times funny, violent, thought-provoking, juvenile (in a good way), and genius [] Moynihan has a firm and defined aesthetic that is singular and fantastic. - Nothing But Comics"Moynihan's talent as a visual storyteller is more apparent here than even in the first installment--whereas Forming Vol. 1 employed a nine-panel grid on nearly every page, Vol. 2 breaks this structure with widescreen panels, full-page splash scenes, and fractured, some even panel-less, angled sequences that transition between moments in such innovative and inventive ways that Moynihan replicates the movement and momentum of an animated cartoon on the static page. " - ICv2"One of the most hilarious and amazing bookshelf features Ive ever had the pleasure of reading" - It's Nice That"Forming is a success on so many different levels. First of all, its simply a beautiful art object filled with page after page of brightly colored and bizarre images." - Rob Clough, The Comics Journal"Forming, a super strange graphic novel published by the super strange English publishing house NOBROW and written by possible genius Jesse Moynihan." - Scott Beauchamp Full Stop blog"Forming takes all the creation myths of the world and mashes them up into one epic adventure full of ludicrously over-the-top fight scenes and a crass, modern sense of humor...Its a hodgepodge of philosophy, fight scenes and stupid jokes and it is unlike anything youve ever read before.[] Like everything that Nobrow publishes, Forming II is a beautifully designed book, oversized and a joy to flip through." - Rich Barret, Mental Floss"Suffice to say, Forming II is excellent" - Robert Boyd, The Great God Pan Is Dead
