Art of ChoBy Dalan StormlostI am immensely pleased by this product. Mr. Cho's illustrations are gorgeous and he lavishes attention on them. Particular favorites are some of his marvel pieces. The artist in my is particularly pleased by this raw sketches found throughout the book. His line work is nothing short of inspired. Its a shame (not really a complaint) that we only get to see his handsome handling of color on the cover of this book as it is black and white. My only complaint is that the cover is a little on the flimsy side for how heavy the paper stock of the pages

are. Minor complaint aside, I would recommend this to anyone who is a fan of Illustration.
