Bruce Jones : Freak Show before purchasing it in order to gage whether or not it would be worth my time, and all praised Freak Show:

NiceBy CustomerGood story and great art, but the printing quality isn't as high as you'd want it to be. Great for Wrightson fans though.5 of 6 people found the following review helpful. great art, bad printingBy Bradley J. KrauseI consider this to be Wrightson's swan song... his last awesome work. The price is excellent for so many pages of amazing work, and I appreciate that they didn't mess up the artwork with color.But the printing is awful, and so much of the beauty of his line work is mashed and fuzzy. Just too bad. I'll have to dig up my old heavy metal magazines to see just how awesome it is.

by Bruce Jones Bernie Wrightson A horrific tale by two of the industry's top creative talent! A humble man, lonely at

heart, seeks out the world's rejected souls, taking these misbegotten outcasts under his wing in a traveling show of oddities. Everything is perfect until his own child is born. In the classic tradition of EC horror tales. Very limited amount left in stock!
