Warren Ellis : FreakAngels, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised FreakAngels, Vol. 1:

0 of 0 people found the following review helpful. This is my favorite graphic novelBy EricaThis is my favorite graphic novel. Available to read online, but I love it so much I had to have a physical copy.0 of 0 people found the following review helpful. Worth the priceBy V. GomezAnyone familiar with Freakangels knows that you can read this free every week, but this thing is so great that it is worth purchasing even if you have read the entire story to its current

episode. Great quality book, beautiful art, and always great writing from the Master himself Warren Ellis. I bought this for my wife and she loves it, next up is trying to convince my daughter to read it. This is a great book (and Scott Pilgrim) to introduce somebody to comic books, especially somebody not into superheroes. 0 of 0 people found the following review helpful. Love it By Fabian Vilalba Freakangels is one of my most loved comics. I read the entire thing online but had to buy it after I finished .

Warren Ellis' hugely popular web comic, Freakangels, is here, collected in print for the first time in this gorgeous, full-color trade paperback! Twenty-three years ago, twelve strange children were born in England at exactly the same moment. Six years later, the world ended. This is the story of what happened next. So welcome to Whitechapel, some years from now, just barely above ground in a flooded England, where a clan of eleven strange people with purple eyes - the Freakangels - have carved out some sort of a life for themselves. A life that starts to show big cracks when a girl called Alice from Manchester turns up with a shotgun and a grievance, having met the lost, prodigal last Freakangel, who had very different ideas about what they should do with themselves and this flooded future England. Because the Freakangels have a big secret: Something very bad is their fault.

About the Author Warren Ellis is the award-winning British author of comic books, novels, and television, most often recognized for his sociocultural commentary and ground-breaking work in the genre of science fiction. His most recognizable works include Transmetropolitan, Planetary, and The Authority. He maintains a consistent online presence which includes the weekly delivery of the FREAKANGELS web comic to millions of fans. Ellis has published over 25 different creator-owned projects through Avatar Press (including BLACK SUMMER, IGNITION CITY, and GRAVEL, the last of which is in development as a film through Legendary Pictures), with many more planned.
