The whole series about support and loyalty of friendship and family. But mostly I think it is about acceptance - real acceptance of who the characters are and will

become. I only have 2 manga collections because this isn't my choice for reading but i like this one 'Fruit Baskets' and 'Story of Saiunkoku' manga. I bought these because reading online isn't my preference and I like the art work it is different for me but I understand common for the genre of MANGA.4 of 4 people found the following review helpful. Beautiful Planner. Excellent Buy.By Luisa EsquivelThis is a beautiful planner. The artwork is gorgeous. The cover is a great, and then you open it, and the first pages introduces you to the characters of Fruits Basket, each page has a picture (in color) and mini bio of the characters, then the planner, is dateless, you fill in the dates. So you can use it any time! It has hourly spaces, so it breaks down the days to hours, but also it breaks down the months to weeks. You fill in the week your in. They spread into two pages, thats the first half of the planner, the second half you fill the monthyour in and it breaks down by days. You fill what you have to do each day.Near the top cornersnof the pages there a mini and chibi forms of the characters. It's a great planner, and near the end you have a ton of pages if you need to write down notes. Only kinda bad part is, if you kinda have to write a bit small!0 of 0 people found the following review helpful. GOOD STORY LOVE THE DRAWINGSBy J.C. writesGreat drawings like this author. Summer is on its way, so of course Tohru and friends are excited about the upcoming vacation and field trip. But what's that sound? It's Hatsuharu going beserk in the classroom... again! Black Haru is full of more rage than usual, so what will happen when Yuki intervenes? And then there's Ritsu Sohma, whose mom Tohru met at the hot spring...but what's wrong with this kimono-wearing beauty?!
