**Yuu Watase : Fushigi Yugi, Vol. 1 (Priestess / Oracle /Disciple)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fushigi Yugi, Vol. 1 (Priestess / Oracle /Disciple):

Kindle Edition is now FIXEDBy James LickUPDATE January 11, 2014: After many back-and-forths with the publisher, Viz, and , I'm happy to report that ALL volumes of Fushigi Yugi VIZBIG editions are now fixed. Though it took a while to resolve, both sides were working diligently towards a solution. As of now all of Volumes 1-6 have the correct content. Finally I am able to read this classic

manga!HOWEVER, if you had already purchased a copy, you may still have a defective copy in your account. This may also be true if you purchased a copy, got a refund and then repurchased later. In this case you will need to get the book updated in your account. The suggested way to do this is to turn on Automatic Book Update on your Manage Your Kindle page (

[https://www.amazon.com/gp/digital/fiona/manage?ie=UTF8&ref\\_=sa\\_menu\\_myksignInRedirect=1#versionUpdate](https://www.amazon.com/gp/digital/fiona/manage?ie=UTF8&ref_=sa_menu_myksignInRedirect=1#versionUpdate)) and then check for updates on your device. If that doesn't work, delete the book and try to download a new copy. If you still don't get a good copy, then contact Kindle Support with your order number and request that they send you the updated version of the book. This is what I had to do and within a couple of hours they had sent a new and correct copy. 1 of 1 people found the following review helpful. **Awesome Manga, Very unimpressed with Seller.** (jersey shore books) By Sara Let me start by saying that the manga itself, is amazing. The seller I bought this from, not so much. (Hence the three stars instead of five) My shipment of two books arrived on the last day of the shipping timeline. (Mainly because it was sat in a FedEx location in Arizona for four days, during the week) The seller had this product listed as new, (The seller being "jersey shore books") and my copy certainly wasn't new. The top of the spine is starting to crack and fray, There are scratches all over the front cover, The back top corner had been bent completely as if someone folded it and attempted to smooth it out, Half of the pages were slightly dog eared, and there were black spots all over the front and back covers. I ordered from the seller because they were selling a "new" copy that qualified for super saver for a little over \$9, which I thought was an awesome deal, and it is, but when you have a book labeled as new, I expect it to be new. Spend the extra \$4ish dollars to get it directly from an warehouse instead of this seller. \$13 something dollars for this book is still a pretty good deal to me, and I'm wishing I would have went that route instead. That aside, definitely an awesome manga. I highly recommend. 0 of 0 people found the following review helpful. **Poorly Constructed Book** By Customer This is a review of the product itself and not the series, because I love the series. I got this book a few weeks ago and when I got to about the middle of reading it the pages detached from the spine. And some of the pages started falling out. I don't know if I mishandled it but I always take great care of my books because I like them to look nice on my shelf. So if you get this product handle it with a lot of care.

A classic shojo series now available in an omnibus format. Miaka Yuki is an ordinary junior-high student who is suddenly whisked away into the world of a book, *The Universe Of The Four Gods*. There she becomes the priestess of the god Suzaku, and is charged with finding all seven of her Celestial-Warrior protectors. A Beloved Fantasy From One Of Japan's Top Creators Prolific shojo ("girls") comics artist Yuu Watase has created a wonderfully exciting, funny, and heartfelt tale of a normal junior-high-school girl who is transported into a fictional version of ancient China. She encounters base villains and dashing heroes, and still manages to worry about her grades and where her next banquet is coming from.

About the Author A manga artist for nearly 20 years, Watase's debut came in 1989 at the age of 18 when her short story *PAJAMA DE OJAMA* (An Intrusion in Pajamas) appeared in the monthly *Shjo Comic* manga anthology. Since then she has written and drawn some 50 volumes worth of different short stories and long-running manga series, including the fantastically popular *FUSHIGI YGI*, also available in English from VIZ. Her works have provided the basis for two television series, an OVA series, anime soundtrack CDs, and a string of novels.
