Rich Black : Futura: The Art of R. Black before purchasing it in order to gauge whether or not it would be worth my time, and all praised Futura: The Art of R. Black:

3 of 3 people found the following review helpful. Crisp, Clean and HotBy CustomerI'll admit that I never heard of R.Black until picking up a copy of Scoot magazine on impulse. What made the mag catch my eye? This authors work on the cover of that particular issue. Which of course led me to order this book. No regrets whatsoever. I'm not an art critic so I won't get into any artistic issues except to say that if you like what you see there's plenty more on the inside and what is there brings to mind a mod-rockabilly sensibility mixed with a touch of pin-up eroticism. Bonus: A few pages of 3-D work (glasses included!) Nice Touch.0 of 0 people found the following review helpful. WhoaBy JGalarzaBought this originally because it was at a good price. But I've been blown away. The poster are amazing and the artist is quite wonderfully subversive. If you like odd art then look this man up, you won't be disappointment.0 of 0 people found the following review helpful. Great Book!By NadiaFutura is a really unique and interesting book.The

images are incredibly vivid and beautifully made. The forward is smart and intriguing, it gave me a really great sense of what R.Black is really like. totally recommend this one!

Sparkling as polished chrome, slick as oiled leather, hard as a scorned womans stare, the poster art of Rich Black is renowned for its elegant line, razor-sharp design and dark pulp motifs, creating an instantly recognizable synergy of cool elegance and hot eroticism. Rich Blacks dark world is a steamy landscape of leggy sirens, gleaming bikes, spiked heels and leather-clad devils. Foreword by Brian Ewing, illustrator and designer for companies such as DC Comics, Hustler, Marvel, Vans Warped Tour; and well known as a poster artist for bands such as My Chemical Romance, Dropkick Murphys, Yeah Yeah Yeahs and more!
