**Nils P d'Aulaire : Future Folk Official Coloring Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Future Folk Official Coloring Book:

3 of 3 people found the following review helpful. Phantasmagoric Fun from Future Folk! By Matt McHugh I haven't had this much fun scribbling over exotic images since my 10th grade World Cultures textbook. I got hours of amusement just drawing moustaches on General Trius and trying to erase them from The Mighty Kevin! Seriously though... Future Folk is a great act -- real musical talent, tongue-in-cheek lyrics, and genuine heart -- and this book captures their good-natured silliness perfectly. The illustrations by Jas "Captain Lovehandles" Ingram are gorgeously detailed pen-and-ink drawings referencing the band's goofy sci-fi universe (Pirate Krong! Cyber Rhinos! Spaceworms!) and just right for kids or adults to spend some de-stress time, crayons in hand. Hondo to him on this awesome opus. Now, if you'll excuse me, those Furry Trilobites ain't going to color themselves. 4 of 4 people found the following review helpful. MUST HAVE for both kids and sci-fi fans!!! By Russell J. Martonis Bought 2 copies for my

nephews for Christmas, and ended up loving the illustrations so much that I purchased one for myself! Why I dig it: \* Illustrations are GREAT! Highly detailed and have a true "sci-fi" look to them. More than a few reminded me of the classic Asimov book covers of my childhood. \* In addition to coloring, includes activities like connect the dots and a song sheet to SING THE SONGS FROM THE MOVIE!!! \* Maintains the band's humor that's just as relevant to adults, as kids \* Surprisingly long. There are a ton of pages. 4 of 4 people found the following review helpful. Five Stars By Customer I laughed, I cried, I colored.

This coloring book explores the wild and woolly world of the FUTURE FOLK universe, replete with Snowbeasts, fuzzy-clawed aliens and banjos. Color along with the music and you'll be happier than a space-wasp in moon jelly!
