**Jeff Parker : Future Quest Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Future Quest Vol. 1:

1 of 1 people found the following review helpful. Great update but a little to busy for me. By Timothy A. Manchester Jr. I thoroughly enjoyed the update on Johnny Quest, Space Ghost, Bird Man, the Herculoids, Frankensten Jr, the Impossibles, etc. But, there is just too much crammed in here. They could spread these guys out a bit more. It's a bit

overwhelming. Still, it was fun to read. Just not as good as Scooby Doo Apocalypse or Wacky Raceland. 1 of 1 people found the following review helpful. Great storyline and wonderful merging universes of Hanna Barbera cartoon ...By Michael J. PlumeyerGreat storyline and wonderful merging universes of Hanna Barbera cartoon characters from the '60s. I would call this a MUST READ for anyone who enjoyed these cartoons as a child. 0 of 0 people found the following review helpful. A fun mash up of all the best HB charactersBy TabReally cool mash up of all the coolest HB characters from back in the day.Of all the new HB comics, this is definitely my favorite. It's the only one where the characters retain their image from the original source material but of course with the spin of whatever artist is drawing the issue.A real treat for fans of old action cartoons.

When worlds collide, it's up to Hanna-Barbera's best-known adventure-seeking heroes to save the galaxy! Jonny Quest, Space Ghost, the Herculoids and more are reimagined here in this new action-adventure thriller! When the adventurous and inquisitive Jonny Quest and his adoptive brother, Hadji, make a startling discovery in the swamplands of Florida, they are pulled into an epic struggle between the Space Rangers and a dangerous villain who threatens the galaxy. Now it's up to the combined forces of Jonny Quest, Space Ghost, the Herculoids, Birdman, Frankenstein Jr., the Impossibles, the Galaxy Trio and Mightor to stop the villain and save their universe! Hanna-Barbera has created some of the most recognizable animated characters. As part of DC Comic's reimagination of cartoons like Scooby-Doo, The Flintstones, Jonny Quest, Space Ghost and Wacky Racers, these new series will be infused with modern and contemporary concepts while keeping the heart and soul of the classic animation. Collects FUTURE QUEST #1-6.

If you crave a dose of classic old-school adventure with some familiar faces and a few high-concept twists thrown in, FUTURE QUEST won't disappoint.IGN There's immensetalentfloating around these pages.Newsarama A welcome reminder of what fun looks like in comic book form.ComicosityAbout the AuthorJeff Parker is a Portland, Oregon-based writer and comic book artist. He worked as a storyboard artist on the television cartoon Big Guy and Rusty the Boy Robot, and has written a number of Marvel Comics titles including, X-Men: First Class, Agents of Atlas and Thunderbolts.
