It's worth buying this book By Customer Amazing book if you have read the 3 book series of future ends and have some basic knowledge of the DCU characters. You will enjoy this. It was a little pricey. It has 41 books inside this jumbo book so I guess it's ok. I did enjoy it. 24 of 25 people found the

Best September DCU Event Yet!By dragonpieceFirst off, you should all know that this is not the actual Futures End series(you can read that here: http://www..com/New-52-Futures-End-Vol/dp/1401252443/ref=sr_1_1?ie=UTF8qid=1419659690sr=8-1keywords=futures+end+volume+1) This is actually DC's third big September event they do where all monthly titles take a break and DC does something special. This past year, DC decided to go with making all of their titles set 5 years later. While a few of these stories actually connect to the Futures End series I mentioned earlier, most of these one shots are meant to be seen as possible endings or where are they now for the characters. The only actual books that tie into Futures End directly are Superman, Green Arrow and Booster Gold(which apparently ties even more into the upcoming Convergence series.)So if you are wondering if this is worth a read without reading Futures End? Yes, this is worth it, while you maybe confused about a few, there are over 50 one shots in here, you are bound to find stories you like.Is it worth reading if you do read Futures End? Yes, because while I have said most of these one shots work alone, some stories in here do provide eastereggs and hints to things that happen in Futures End.Hope you all enjoy, I sure did!0 of 3 people found the following review helpful. Four StarsBy Davidbig fun

In September 2014, as every title in the DC Universe published special new issues featuring their favorite heroes and villains in iterations they've never seen before: future versions of themselves! Every DC Comics comic book series will feature a special issue, revealing the shocking fates of top super heroes including Superman, Batman, Wonder Woman, The Flash, Green Lantern and many more. Written and illustrated by top talent including Geoff Johns (GREEN LANTERN, THE FLASH, JUSTICE LEAGUE), Brian Azzarello (100 BULLETS, JOKER), Scott Snyder (DETECTIVE COMICS, AMERICAN VAMPIRE), Jeff Lemire (JUSTICE LEAGUE UNITED) and many more!
