Chris Giarrusso : G-Man Volume 2: Cape Crisis before purchasing it in order to gauge whether or not it would be worth my time, and all praised G-Man Volume 2: Cape Crisis:

0 of 0 people found the following review helpful. G-Man is the manBy Robert WoodA great youthful read. The G-man series manages to capture all the fun of a Sunday style comic with the lore and depth of a monthly serialized comic book. Not only does my 2nd grade son love it but I love it too. It's youthful and optimistic and won't let you down.1 of 1 people found the following review helpful. G-Man is always fantasticBy HR HavocI keep buying this

book, rereading it and then sending it to a friend with a 10 year old, which in turn forces the parents to hunt out and buy volumes 1 and 3. It is just plain fun. Like SpongeBob, or the original Rocky Bullwinkle, it hits at enough levels to have the interest of both children and their parents. Whenever I travel, I bring along a copy, using it as my marker to see if the child or adult is someone worth more attention -- if they don't get it, they're not. 0 of 0 people found the following review helpful. Five Stars By american honky chic My 8 year old devoured the book and the series, I wish there were more in the series.

Everybody knows G-Man's powers come from the magic cape he made from his family's magic blanket. But when the extra pieces of his magic cape fall into the wrong hands, things quickly spin out of control! How will G-Man and his superhero friends battle so many bad guys who have all of G-Man's powers? To make matters worse, Wizard Glendolf Williams has bad news for G-Man -- splitting up the cape has corrupted the magic, and G-Man is in danger of losing his powers!
