**Kevin Huizenga : Ganges Vol. 1 (Ignatz)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ganges Vol. 1 (Ignatz):

0 of 1 people found the following review helpful. I love GANGES. By Rick I can't tell you how much I love this character. I buy everything Glenn Ganges appears in. Kevin Huizenga has mastered the art of storytelling, and in seeing the extraordinary in everyday suburban life. It's very inspiring.

Kevin Huizenga introduces his everyman Glenn Ganges (previously seen in the acclaimed Drawn and Quarterly Showcase and Or Else) to the "Ignatz" family with this suite of all-new stories. Ganges tries to decide what to do when confronted with "The Litterer"; gets into an argument with his wife Wendy about The Beatles' "She's Leaving Home";

indulges in some whimsical "Time Travelling" while on a walk around his neighborhood; and more! Huizenga's elegant neo-clear-line style brings a crispness and humor to these low-key slice-of-life stories, and the gray-blue duotone he has picked gives the art a new depth and complexity
