**Hiroya Oku : Gantz Volume 6** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gantz Volume 6:

2 of 2 people found the following review helpful. A taste of good things to come...By Russell A. HamannThe arc that begins in this volume, I find is much better than the previous two. Oku's CG environments are much more detailed, and the action shots are drawn and framed much better. We also finally get some characters who aren't completely worthless, and even the apathetic Kurono starts to show development. This volume also includes a short extra in which Oku talks briefly about the influences of his favorite Hollywood films. Definitely check it out. 0 of 0 people found the following review helpful. niceBy Isaac NeutanGreat condition! 0 of 0 people found the following review helpful.

Buddha Mission. By Kei Kurono This is the start of possibly the best arc in the series. Kurono starts his true character development and the action scenes are great. The production quality is great as always. I recommend this to all manga fans.

We return to the continued weird storyline of our heroes in rubber suits fighting strange aliens. In this episode - odd, birdlike creatures in robot bodies of a popular past pop singer. In Volume 6 of the popular, ultraviolent, and sexy manga Gantz, Kei Kurono is caught with his pants down. Twice. And the first time he's got to fight the good fight with only one delayed-explosion gun. Has the confidence derived from wearing the fighting suit in the past volumes rubbed off on Kurono enough to help him through this difficult and confusing battle? All we can do is hope. I mean, the kid hasn't even lost his virginity yet.
