Clamp : Gate 7 Volume 4 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gate 7 Volume 4:

This volume, like the previous ones, was engrossing. The art work is spectacular. And I love the translation notes at the end of each volume. However, there is one HUGE thing I am not liking about this title and that is....where is volume 5? I have been waiting a long time. There is a mystery to the story, a story that has become very interesting, but there are no answers in volume 4. So you are left.....hanging. So now Gate 7 has been consigned to the unfinished manga pile where it can keep company with all the other unfinished

manga titles I have. It's one of the reasons I haven't bought any new titles for a long time. But if by some miracle there should be a Gate 7 volume 5, I would buy it! 1 of 1 people found the following review helpful. Clamp does Wonders in Gate 7 By lizClamp is one of my all time favorite Manga creators and to be honest I was a bit hesitant to start gate 7 i guess I was still wishing Tsubasa would go on forever lol. Gate 7 is quite amazing in that it brings the grate Emperors, warriors of ancient Japan to modern japan. think of it like if all the grate Generals of western history came back to life and were in a unfinished business rumble. it can get a bit confusing on remembering whose name is who but aside from that its one full of adventure manga!Clamp has created many characters and its exciting to see who shows up!Art is Amazing a combination of Tsubasa and Kobato. Likable characters and Amazing Story. if your a fan of ancient Japan then this will fascinate any reader. 1 of 1 people found the following review helpful. CLAMP's Gate 7 By Vee MacI really enjoy everything that CLAMP produces and I discovered this series right after I finished xxxHolic. Now I can't wait till volume five comes out.

Trying to enlist more warriors to their side, Hana's team must convince reincarnated historical figures to join them as they attempt to acquire powerful, supernatural weapons before their enemies do! More colorful characters enter the fray, and the newest member of Hana's Inou Squad-the slightly overwhelmed Chikahito-learns more about the mysterious oni creatures and those who control them. The latest volume in CLAMP's gorgeous and fast-paced new series comes to readers just a few months after its release date in Japan!
