**Rob Williams : Ghost Rider: The Complete Series by Rob Williams** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ghost Rider: The Complete Series by Rob Williams:

0 of 6 people found the following review helpful. Ghost Rider rocks!By Robin SpencerI got it for my husband for Christmas. When the package arrived it looked like there was a little bit of water damage to it. :( I think if it was packaged in a box with some bubble wrap with it there would have been a better chance of it not being damaged. It arrived in a yellow envelope kinda beaten up. But he loved the book anyway :) !!! Good book to get just wish it was

packaged a little better. But in all thumbs up!!!!10 of 14 people found the following review helpful. Ghost Rider: DishonoredBy Kevin BauerIncluding the "0.1" issue, Rob Williams' run on Ghost Rider last a whopping 10 issues, 12, if you count his writing credits on the Venom "Circle of Four" crossover event. Having read all of these comics, it's easy to see why.The premise itself has a lot of promise: Johnny Blaze gives up the curse of the Ghost Rider to Alejandra, a naive girl who prepared in isolation her entire life for this exchange. When the power is too much for her, Johnny steps in to give her guidance. Untold drama could be mined from this conceit.Instead, Williams went for confusing action scenes, pointless pop-culture references, undermining past villains, and a Ghost Rider-fanboy zombie sidekick -all in a world that doesn't make any logical sense or react realistically to the characters that inhabit it. The only exception might be the inclusion of Hawkeye, out to stop Alejandra after she devastates a South American country. Even then, the most that comes of his involvement is to exchange pop culture references with Johnny.In effect, Rob Williams' run on Ghost Rider bears more resemblance to Family Guy than Ghost Rider. In other words, Williams turned a horror character into a comedy character.My recommendation? Read Ghost Rider: Resurrection, Ghost Rider Essentials Vol. 1-4, and maybe even Ghost Rider: The Hammer Lane. Each of these stories are far more character-centric, horrific, and structured than this collection.0 of 1 people found the following review helpful. Alejandra Rides!By Charles Maddox Jr.Incase you're wondering, this is the origin story of the female Ghost Rider. And I gotta say, she's WAY more badass than Blaze and Robbie.

The hottest, most rocking thing on two wheels returns! Witness the violent birth of the new Ghost Rider - come to cleanse the earth in a firestorm of blood, oil and vengeance! Johnny Blaze has been chained to Hell long enough. With the world thrown into chaos in the events of FEAR ITSELF, he's given a chance to rid himself of the Spirit of Vengeance forever - and he takes it. The curse is passed onto a new host, but Blaze has no idea what nightmares his action has wrought upon the world. Will the new Spirit of Vengeance bring us salvation - or send this world of sinners to a flaming death? COLLECTING: GHOST RIDER 0.1, 1-5
