Daniel Clowes : Ghost World: The Special Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Ghost World: The Special Edition:

3 of 4 people found the following review helpful. A neat little bookBy CustomerThe GW film was so different; I bought the "Special Edition" book to see where the concept came from. And in the process, I found this book to be an artsy colorful volume that shows early sketches of Enid Rebecca. The content offers movie scene comments and filming insights from comic creator Daniel Clowes and film director Terry Zwigoff.6 of 7 people found the following review helpful. After about 5 minutes of this book, you're gonna wish you had 10 beers!By R. A. ZamoraTHIS BOOK IS GREAT! I constantly use it for references and why get the individual set of Ghost World and Ghost World script book. get this book and you'll also get some extra stuff. Sketches, unused art work, Alternative covers, The WHOLE

ENCHILADA!0 of 1 people found the following review helpful. A+ ReportBy queenienirvanaWrote a report on this comparing it to the movie and got an A+ on it. they are similar and yet different. Great graphic novel

One of the greatest graphic novels of all-time, in an expanded, hardcover editionthe full graphic novel, the complete script of the Oscar-nominated movie, and over 30 pages of rare ephemera. Originally released in 1997 as a limited hardcover edition of 2,500 copies that sold out almost instantly, Ghost World has subsequently gone through 18 softcover printings, selling in excess of 150,000 copies in the United States, becoming one of the best-selling and most revered graphic novels of all-time, culminating in the 2001 Academy Award-nominated film. To commemorate the tenth anniversary, Fantagraphics Books released this deluxe, expanded Ghost World special edition in 2008, combining the original graphic novel, the Oscar-nominated screenplay adaptation by Clowes and Terry Zwigoff, as well as over two dozen pages of rare and obscure bonus material in one book, along with a new cover and introduction.Ghost World is the story of Becky and Enid, two teenaged girls and best friends facing the prospect of not only growing up, but growing apart from each other. Clowes paints a tender picture of this intellectually precocious, sexually adventurous (despite a mutual lack of experience), and formative period in their lives, filtered through a blue hue echoing a world lit by the cathode rays of a television a perfect metaphor for their post- nuclear existence. Both naturalistic and nostalgic, Ghost World carves a layered narrative out of the daily existence of these fully-realized young women.Ghost World: The Special Edition included the original, 80-page graphic novel; the out-of-print, Oscar-nominated 106-page screenplay; the little-seen comic strip created for the Ghost World soundtrack; and over 30 pages of rare ephemera related to the book and film, including covers to foreign editions of Ghost World, rare promotional art, pictures, sketches and much more. 116 full-color pages and 116 black-and-white pages of comics

Ghost Worldgets better every time I read it, and Ive read it hundreds of times. It still frightens me a little how well Daniel Clowes managed to nail the teen-girl brain. - Alexandra Molotkow, The HairpinThe appeal of Daniel Clowes breakout graphic novel lies not from what could be predictable plotting, but from its engaging character work. It is the relationship between outsider teens Enid and Rebecca that holds readers in its hilariously cynical sway from panel one. - WizardAre you a fan of Ghost World? You might not have noticed that Seattle-based Fantagraphics has reduced the price of.... [this] Special Edition [that] is packed with goodies sure to thrill the Ghost World geek.... Its a great item to add to your Ghost World collection or to get it started. - Gillian Gaar, Examiner.comAbout the AuthorDaniel Clowes is a celebrated graphic novelist, Academy-Award nominated screenwriter, and frequent cover artist for the New Yorker. He lives in Oakland, CA. He is a multi-Harvey, Eisner, and Ignatz Award winner, and his papers were recently acquired by the University of Chicago library.
